

## **Back up call**

Rules:

If someone is unable to attend their respective rotation (i.e. due to sickness, among other reasons), the resident must contact immediately one of the chief residents and Alma Hernandez (Program Coordinator) to notify it so a replacement can be found in time. It is encouraged that the resident finds a replacement to cover their shift.

Back up call will be needed for the following services: Inpatient Service, Night Shift (this includes weekend coverage), and Clinic Call.

Backup Coverage List will be created based on the following:

1. Deficiencies in notes, number of absences to rotations, morning reports, noon conferences, workshops
2. Resident's availability by monthly/quarterly rotations
3. Note completion (both IPS and Clinic)
4. It's encouraged for residents to volunteer to cover if someone has covered for them in prior instances.
5. Interns will work under the supervision of a senior (2<sup>nd</sup> or 3<sup>rd</sup> year) for the first 10 months of training for the following services: IPS, Night Shift.

July.
